

DISPOSABLE BITE BLOCKS

Adult & Pediatric

Comfort for Patients. Confidence for You.

PRODUCT DESCRIPTION

The unique ergonomic design of the Clinical Choice Disposable Bite Block provides comfort for the patient as well as ease of oral access for the assistant. Our Adult Bite Block is 60 Fr and our Pediatric Bite Block is 42 Fr. Each bite block is latex free, has a dental rim, and the latex free universal strap comfortably fits each patient.

Packaged
individually

50/bag

Non-sterile

FEATURES

- Ample port sizes for scope and dilator: Reduces endoscope friction, allows suction.
- Latex Free safe for use on all patients.
- Universal Adjustable Strap comfortably fits the needs of all patients.
- Dental Rim maintains position, reduces gum damage.
- Solid Construction protects both the patient and valuable equipment.
- Single Patient Use reduces risk of cross contamination.
